

# Visuals SELL!

## Increase e-Retail Sales

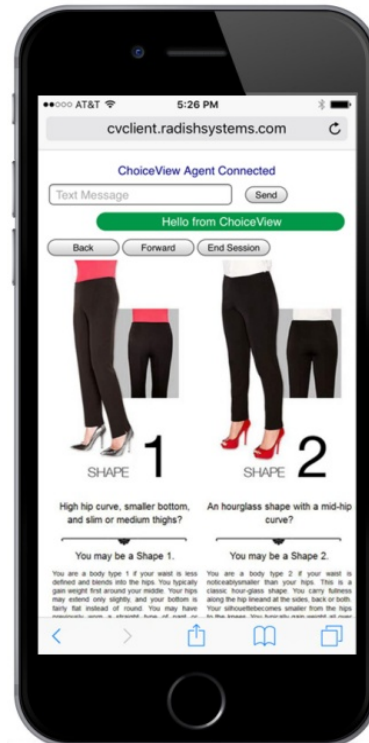

*"Wow, now I see what you're talking about!"™*

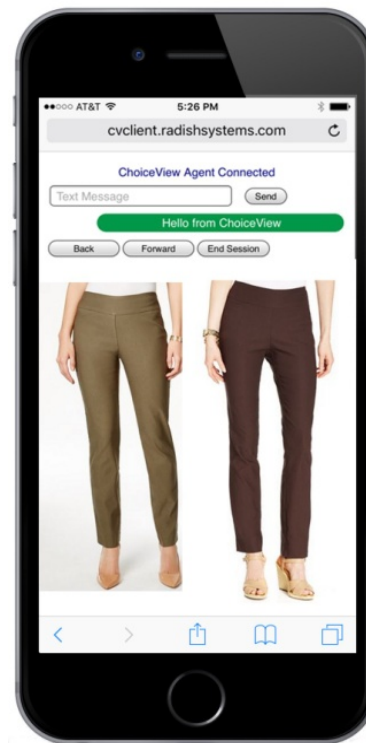

Buyer calls or texts e-Retailer for assistance.

Buyer sees pant styles while talking / texting with Customer Service Rep (CSR). Makes a selection.

Sees sizes/shapes, asks questions, gets answers, finds best fit. Places order.

CSR sends more colors. Buyer adds more to order.

ChoiceView adds visuals to voice / text calls with e-Retailers. Buyers see and hear at the same time.
